

Choose how you run it four systems, one score clock.

Same 13 sports, phone/tablet control, TV display, advertisers, and styling. Pick the box that matches the gym: a dedicated controller, a Windows or Mac app, or a hosted web clock with nothing to install on site.

U.S.S. CONTROLLER

Dedicated gym unit

Always-on controller in the venue. HDMI kiosk to the scoreboard, built-in Wi-Fi setup, local LAN. Game runs with no internet.

WINDOWS

Laptop or desktop app

Unified Score Clock for Windows. Double-click, open a browser. Portable demos, tournaments, and backup clocks. USB key license.

MACOS

Mac laptop or desktop

Same clock as Windows, as a Mac app. Local server on that Mac. USB key license. No App Store required.

WEB-BASED ONLY

Hosted — open a URL

No software at the gym. TV and operator phones load your dedicated clock in a browser. Needs internet for the game. We host it.
